REMOVAL THE NEED TO DECLARE CUSTOMS LIQUOR PRODUCT CODES AT TRADENET FRONTEND

Currently, the Customs liquor product code is a mandatory field which is required to be declared at Tradenet front software on Inward permit application for removal liquors from Free Trade Zone to licensed warehouse (LW) except for 4 LWs namely LW No 106, 108, 143 and 183 located at Changi Airports.

2   The Customs liquor product code field located at the permit line detail level against each liquor product. The liquor product code is a 13 alphanumeric format code.

3   To facilitate trade, Singapore Customs is pleased to inform that effective 16 May 2004, Customs liquor product code is no longer required to be declared at Tradenet frontend software when transmitting Inward permit application.

4   However, declarants are reminded that the AVA liquor product codes (in 11 alphanumeric format code) under the purview of the controlling agency AVA (Agri-food and Veterinary Authority) is still required to be declared under CA information \ Controlling Agency \ CA Product code field at Tradenet frontend software.
